Testimonials

I have been a customer of IDS over 25 years and am very pleased with the company, they are very quick to respond and help out whenever needed. I would recommend them to anyone! P.L.

I have used IDS for over 30 years. They are so easy to deal with from making appointments to upgrades, everyone is professional and pleasant. Highly recommend! T.G.

IDS was very professional and did a great job installing our system. They were able to personalize and customize the system to our needs. They have exceeded our expectations, and I would highly recommend! J.S.

We are so proud! Read more at www.idsaudiovideo.com

Smart Home Integration with AI

Seamlessly control your home's technology—from music and TV to climate and lighting—all from one device.

Our smart systems, enhanced with AI, learn your preferences and automate your environment for comfort, convenience, and efficiency.

Custom Technology. Seamless Living.

At IDS, every project—large or small—begins with understanding your space and lifestyle. With custom-designed solutions, we simplify your technology and elevate your entertainment experience. We stay at the forefront of today's innovations, bringing you the latest in home technology. With decades of experience and a trusted reputation, we partner with top-tier brands and expert installers to deliver exceptional results.

No shortcuts.

No overlooked details.

Just complete satisfaction.

Plan Your Dream Home Theater

Create the ultimate viewing experience with a custom-designed home theater or media room. From immersive sound and stunning visuals to comfortable seating and intuitive control, we bring your vision to life.

Try our Home Theater Cost Estimator at <https://bit.ly/HomeTheaterEstimator> to explore options and pricing.

Ease, Comfort, and Security in Your Home

Enhance your home with beautifully designed, customizable lighting. Set the perfect mood, improve energy efficiency, and control it all with the touch of a button or voice command.

Effortlessly manage natural light and privacy with automated shades. Program schedules or control them remotely to complement your lifestyle and improve energy efficiency.

Extend your living space outdoors with weatherproof audio, video, and lighting solutions—perfect for relaxing or entertaining in your backyard.

Protect what matters most with a professionally designed security system from IDS. Our customized solutions feature smart monitoring, real-time alerts, and seamless control from anywhere, along with central station monitoring.
